

## Sacramento International Horse Show Team Championships

The organizing committee of the Sacramento International Horse Show is pleased to announce the success of the Sacramento International Team Championships in 2013. Congratulations once again to Team Alberta for winning the Team competition for the second year in a row and to Bailey Smith from Team Oregon for winning the Individual event! Thank you to Stoneridge and the Chad family for their generous support of this event.

Be sure to mark your calendar for this event at the Sacramento International Welcome Week during the week of September 23-28, 2014. This 1.20m championship event will be run over 3 days and again will feature an Individual Championship as well as a Team Championship. The organizing committee will extend invitations to regional organizations throughout the United States, Canada and Mexico. Each regional organization will determine their selection procedures for fielding teams. The Teams will be comprised of 4 Horse/Rider Combinations, competing at the Modified Junior/Amateur level (1.20m). Each Team will be associated with their Regional or State Horse Shows Association. We would like to personally invite your organization to be represented at this championship event.

Each organization intending to form a team must send a letter of intent by July 1, 2014. Specific horse/rider combinations may be nominated right up until the first day of the horse show.

Further information about this championship event is also included with this invitation. If you have further questions, more information is available on our website at: [www.westpalmsevents.com](http://www.westpalmsevents.com) or feel free to contact Adrienne Karazissis at [ak@westpalmsevents.com](mailto:ak@westpalmsevents.com).

Speed 350m/m and conducted under Table II modified over two identical rounds, with a jump-off against the clock in case of equality of Teams for 1<sup>st</sup>, 2<sup>nd</sup>, and or 3<sup>rd</sup> place. The Team Championship is open to the top 25 horse rider combinations from the two qualifying rounds. Each team of four will discard their high score in each round. A team with three riders will have no discard score. The winning team will be the team with the lowest combined scores from the two rounds, or from the jump-off if a jump-off is required.

C. Day Three – The Individual Championship will conclude with the Third Individual Qualifying Class. . Fences to be set at 1.20m with spreads to 1.30m. If, for any reason, one or more of the qualified horse/rider combinations are unable to start, they will not be replaced. All horse/rider combinations that complete Round A go forward to Round B. The Individual Champion is the horse/rider combination with the lowest cumulative score from the First and Second Individual Qualifying Classes and the two rounds of the Individual Championship (jump-off scores from the Team Championship will not be added in). Each course must have no fewer than 12 jumping efforts and either 2 doubles or one triple and one double combination. .

## ORDER OF GO

A. Team Championship - The starting order in the Team Championship will be according to a draw for the first round. In the second round the starting order will be according to the reverse order of penalties incurred in the first round. In the second round individuals will start before the teams. In the case of individuals or teams with equal penalties, the first round starting order will be retained. In the case of a jump-off, the starting order will revert to the starting order of the second round.

B. Individual Final - The starting order for Round A will be the reverse order of total penalties incurred in the First and Second Individual Qualifying Classes. In the event of equality of penalties, the result of the First Qualifying Class will be the deciding factor for the starting order. The lowest placed qualified horse/rider combination will therefore start first.

C. The starting order for Round B will follow the reverse order of the penalties incurred in the First and Second Individual Qualifying Classes. The horse/rider combination with the greatest number of penalties will start first; the horse/rider combination with the least penalties will start last.

D. In the event of horse/rider combinations with equal penalties after Round B, there will be one jump-off against the clock. The Starting Order will be the same order used for round B.
